Mrs. Otis Winnard
Speaks Before Home-
Makers of America Club

In keeping with one of their ten goals the future Home-makers of America had Mrs. Otis Winnard, president of the League of Women Voters, give a talk on "What Youth Can Do in Promoting Democracy." The talk was given Thursday, September 29 in the Bay High Home Economic Department.

Since this is the presidential election year the FHA members have chosen "Promoting Democracy" as the theme of a series of programs for their club meetings. They are planning to elect their new officers in secret ballot after poll tax (club dues) have been collected from each member.

The fall FHA Sub-district Meeting will follow the election year theme in representing a Democratic Convention. The FHA's will present their goals as planks in a platform with Mr. Eddie Rhayat, of Moss Point, as their keynote speaker.

From these programs each girl will be expected in return to go home and encourage the eligible members of her family to vote in the coming election.

WAVELAND
WANDERINGSby
GEORGETTE B. HALL

Mr. and Mrs. Robert E. Harris and sons, Glenn and Tim, of Golden Meadow, La., were week-end guests of Mr. and Mrs. Ed Harris.

Guests of Mr. and Mrs. O. H. Williams during the weekend were Mr. and Mrs. S. W. Bright of Natchitoches, La., and Mr. and Mrs. Falvey Darnel and children of Baton Rouge, La.

Mr. and Mrs. Harold Hicks and Mrs. Addie Walker left Waveland on Saturday for Monroe, La. Mrs. Walker received word that her sister, Mrs. Lawhead of Monroe, had died suddenly. Mrs. Lawhead was a frequent visitor here and always enjoyed her stay with her sister and Mrs. Hicks. She also had many friends in this area. This column extends sympathy.

Mr. Lester Jacobson of Pass Christian Isles had as his guests on Sunday Mr. and Mrs. T. H. Brockman, Jr., of Pass Christian and Mr. and Mrs. Norman Hall and daughter, Lynne. The group enjoyed the outing to Ship Island and Cat Island aboard the Jacobson boat. The trip going to the islands and returning was in "rough seas" but the voyagers weathered the trip in comfort. Lunch in South Bayou with a view giving the complete sweep of lovely Cat Island was a real treat. Surf bathing and a visit to Fort Massachusetts provided additional fun and interest.

Attention all bargain hunters—On Friday and Saturday of this week you can visit the ladies of the Waveland Methodist Church who are holding that long awaited Rummage Sale in Bay St. Louis. The place is the former location of Wilmer's Grocery store on Railroad Avenue. There will be bargains galore and garments to fit all sizes. A selection of winter and summer clothing will be offered. These still warm days in October are just right for some of the outfits that will be on sale. Get there early and make your selection.

Sympathy is extended to the two Bourgeois families this week. Mr.

Ranolph Bourgeois, who had served as game warden of the state for over twenty years, died at his home Sunday. Mr. Bourgeois was a native of Waveland. His cousin, Mr. Raymond Bourgeois, also of Ballentine St. passed away just a few hours earlier. He had been a member of the Bay St. Louis Fire Department for several years.

The Methodist Revival which was held during the past week in the Clermont Harbor Methodist Church came to a conclusion on Sunday evening. Many attended from Waveland, Clermont Harbor and Lakeshore. The Rev. M. L. Davis from Pollock, La. was in charge of the revival services. After the worship service on Sunday evening, the fellowship hall was crowded with those who gathered for an hour of social companionship. Coffee and doughnuts were served. Mrs. Ruth Ketchum played beautiful organ selections throughout the week's services. The choir, composed of over 23 voices, was directed by Mr. Robin Ware. The Rev. Dale Lyons is to be commended for his part in the planning of the revival and the bringing of Rev. Davis to our community. The Rev. J. C. Rousseaux, associate minister, was in attendance during the entire revival. This week of Christian Worship was most appreciated by those who attended.

Mr. F. Ware and Mr. Robin Ware of Van Cleave, relatives of the Rev. Dale Lyons, fortunately were not injured when a car collided with their automobile in Biloxi Monday night. Neither man was injured. The Wares were on the Coast to attend the recent Methodist revival held in Clermont Harbor.

Mrs. Otto Mollere will serve as this year's president of the Our Lady of the Gulf Parish School Parents Club. Mrs. Mollere was elected at the first meeting of the group held last Thursday. Other Waveland ladies who will take an active part in this organization during the year are Mrs. James DeBlanc, treasurer, and Mrs. Paul Loup, chairman of the membership committee.

Mr. and Mrs. A. R. Jenkins and grandson, Gil and Roland Langley, and the Coleman Jenkins family have returned to their homes following a trip to Joiner, Arkansas, where they attended the funeral services for Mr. Jenkins' sister-in-law, Mrs. Forrest Jenkins.

Happy birthday to the following folks who celebrated another natal day within the last few days—Mrs. Cora Keen, young Edward Joseph Fayard, Jr., Bill Warren and Charmaine Ruhr.

CATTLE AND HOG PRODUCTION BIG BUSINESS

Beef cattle and hog production add up to big business in Mississippi. The 2,503,000 head of cattle and calves on Mississippi farms on January first of the year were valued at \$245,490,000. The 867,000 head of hogs and pigs pushed total meat animal value past the one-quarter billion dollar mark.

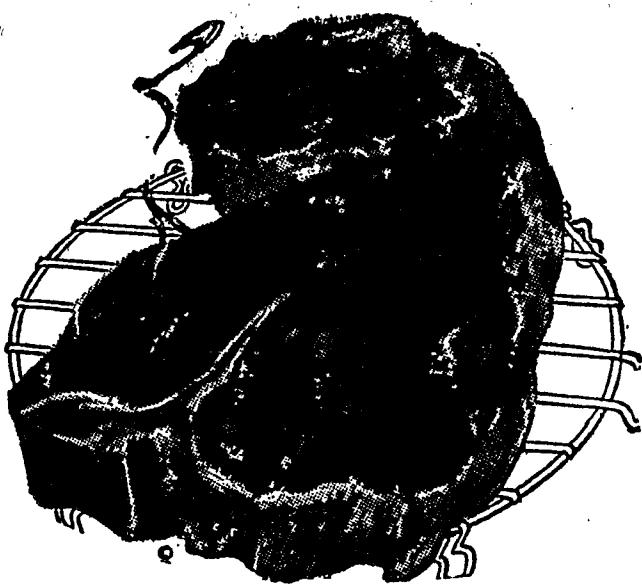

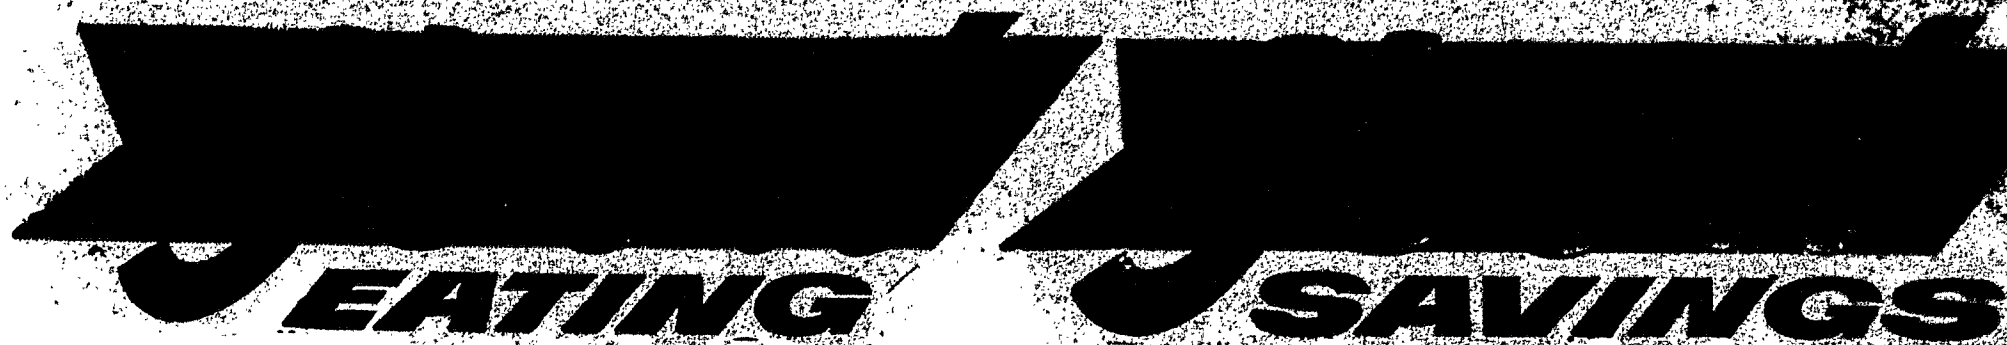

During the past year Mississippi farmers received \$108,493,000 from sales of cattle and \$10,469,000 from marketing of hogs. Greater emphasis will be focused on improvement in the quality of cattle and hogs grown and on production of more feed.

What to do till the doctor comes

Emergencies strike with sudden swiftness. A slip, a fall, a collision is seldom announced. So be prepared. At least one member of every family should have a working knowledge of first aid. There are books on the subject and the American Red Cross gives classes where such information and training can be acquired. We recommend that you, or someone in your household, acquire the know-how. Another worthy recommendation is to maintain a supply of first-aid medicines on hand at all times—antiseptic, gauze bandages, adhesive tape, alcohol, soothing creams, etc. The cost is small and we'll be glad to assist you in your selection.

MISSISSIPPI
LETTER WRITING
WEEK TO BE OCT. 24
The 2nd Annual Letter Writing Week will be celebrated in Bay St. Louis, Mississippi, during the week of October 24 to 28. It was announced today by Postmaster Andy J. Becker.
Postmaster Andy J. Becker noted that there has been a revival of personal letter writing during the last few years. "A letter remains the most economical, longest lasting, and sincerest means of extending greetings, communicating social news, and exchanging ideas," the Postmaster said.
During Letter Writing Week, Postmaster Becker suggested that individuals write at least two letters: one to a friend or relative from whom you have not heard in a long time, and the second as a reply to a friend or relative who recently wrote to you. He also urged correspondence to people in other countries as a means of promoting greater understanding among the peoples of different nations.
The slogan of this year's event, as indicated on more than 200,000 banners, is "LETTERS ARE LINKS OF FRIENDSHIP." The display materials will appear on post office bulletin boards, and rural carrier vehicles, as well as in various schools and libraries.

CITIZENS OF COUNTY
PURCHASED \$75,000 IN
SERIES E AND H BONDS
During the first 8 months of this year, the citizens of Hancock County purchased \$75,000 in Series E and H United States Savings Bonds. This announcement was made today by Mr. Andy Becker, Chairman of the County Savings Bonds Committee.
He said, "We have now achieved 108.58% of our 1960 goal of \$70,000."
Mississippi sales for the first 8 months of this year were \$14,965,819, which represents 69.23% of the 1960 goal of \$21,600,000. This is \$1,274,682 more than sales were in the same period during 1959.
"The United States Savings Bonds program is one of the finest ways of encouraging regular savings. Through payroll savings plan or other regular purchases millions of Americans have become savers for the first time. They have found these 'save-as-you-earn' plans an ideal way to build up financial reserves for emergencies and for special goals, such as sending children through college, buying a home, or supplementing retirement income," concluded Mr. Becker, Chairman of the County Savings Bonds Committee.

Two Constitutional
Amendments To Be
Voted On In November
Two of the proposed constitutional amendments to be voted upon in the general election of November 8th are of most importance to Mississippi's industrial development and protection from excessive public debt, the president of the Mississippi State Chamber of Commerce-Economic Council said today.
Bruce C. Aultman, Hattiesburg, head of the statewide business organization, cited the proposals as HCR 47 and HCR 73.
"One of the amendments, HCR 47, will remove a deterrent to industrial development while the other, HCR 73, will place a safeguard around the fiscal condition of Mississippi now and in the future," he said.
Both proposals carry out established policy of the State Chamber. Here are some of the reasons cited by the organization for supporting them:
"HCR 47 simply removes the words 'true value' from Section 112 in order to eliminate confusion as to taxation practices."
"Those charged with promoting industrial development of the state are continually having to explain the actual application of the Section, and many prospects apparently discard the state when it is not explained."
"In actual practice, property in the state is assessed in proportion to its value, in spite of the 'true value' wording of the section. This is the practice of most states in the nation."
"Adoption of HCR 47 will greatly improve Mississippi's competitive position in development. A number of organizations, including the Mississippi Association of Chambers of Commerce Executives, are actively supporting the amendment."
"HCR 73 would add a new paragraph to Section 115, limiting indebtedness of the state and its direct agencies to 1 1/2 times the greatest amount of revenue collected during any of the four preceding fiscal years. This safeguard should be adopted now, so as to restrict authority to incur debt for future administrations and generations."
Many pressures are brought to bear upon the legislature at each regular session to finance through bond issues many worthwhile projects. Included in these generally are bond issues for buildings or for highways which will be used for a good many years. It is felt that some sort of safeguard should be placed into the consti-

State-Wide Petition
Campaign Seeking
Reduction On Gas Tax
Jackson, Sept. 25.—A statewide petition campaign seeking popular support for a reduction in the federal gasoline tax now 4 cents a gallon, was announced today.
B. J. Nichols, chairman of the Mississippi Petroleum Committee, said the week-long campaign would begin Saturday, October 1, the anniversary of the temporary 1-cent a gallon increase in the federal levy enacted by Congress last year.
The added penny, which is costing Mississippi drivers \$6.6 million during its first year, is due to expire next June 30, according to a promise made by Congress when the tax was increased.
The combined federal-state tax burden in Mississippi is now 12 cents a gallon, including a 7 cent state tax, plus a fraction more than 1 cent sales tax (which amounts to tax on tax as well as product). These taxes added more than \$78.7 million to the annual gasoline bill of Mississippi's motorists, Nichols said.
He pointed out that when Congress boosted the tax from 3 to 4 cents it specified that the increase was to run for only 22 months.

Did you eat a good breakfast this morning? One that lasted until noontime? Or did you get so hungry about 11:00 o'clock, you felt you just couldn't wait until lunch time?

Sept. 1st is eat a Good Breakfast Month. It's the month, as schools begin, to focus our attention on this important, but often neglected meal of the day.

Breakfast is the meal that should provide a fourth to a third of the day's calories and protein. The basic breakfast foods include fruit, cereal or eggs, bread, butter and milk. But put the emphasis on variety to add interest; not sameness which makes for monotony and breakfast skipping.

Breakfast skippers are the ones who are tired at mid-morning, nervous and inefficient. A good breakfast is part of a parent's aid to good report cards for Junior and Susie.

EGG SHOPPING

You're probably finding more medium size eggs at the grocery store as you shop these days. Remember, when the price difference between medium and large eggs is 6 to 7 cents, medium size eggs are the better to buy.

STUFFED BAKED FRESH PEARS

3 large fresh ripe pears
6 heaping teaspoons mincemeat
1/4 cup sugar
1/4 cup water
1 1/2 teaspoon salt
1 tablespoon fresh lemon juice
Heat oven to 375 degrees F (moderate), peel pears. Cut in half and remove core. Place in baking dish. Fill center of each with one heaping teaspoon mincemeat. Combine sugar, water, salt and lemon juice, bring to boiling point and pour over pears. Cover baking dish with metal foil.
Bake 1 hour, or until tender (time depends on ripeness of the pears). Baste three times with the syrup. Remove foil. Baste and bake 15 to 20 minutes. Serve one half pear.

FLOWERS FOR SPRING

Some annuals will produce better flowers if you plant seed out doors in the fall. For blooms next spring, plant seed now of calceolarias, dianthus, scabiosa, periwinkles, annual phlox, gilliflowers, California poppy, larkspur and snapdragon.

September and October are the months, too, to plant bulbs for spring flowers.

This includes lily, daffodil, hyacinth, narcissus, and iris. Choose ground that grows vegetables. Prepare soil well.

For safety keep the windshield of your car clean. A dirty windshield increases glare and adds to eye strain.

Typewriter Ribbons

ALSO ADDING MACHINE RIBBONS

We have on hand typewriter ribbons to fit any make or style of machine. All black or Red and Black. If there is any we do not have in stock, we can order for you.

RETIREMENT
What are you going to do when you retire? Leave the farm, travel, or just take it easy. No matter what you do, you'll have the money to do it if you plan your retirement around U. S. Savings Bonds. Many retired farm people are taking advantage of the income-producing possibilities of Series H Bonds. These current-income bonds are available in denominations of \$500 and up, and pay an average of 3 1/2% interest when held to their 10 year maturity. The interest is paid semi-annually by Treasury check. And remember, your money is safe in Savings Bonds. They can't be lost, destroyed or stolen because they're retired in the future now is the time to see your banker about investing in U. S. Savings Bonds. They'll help you give the freedom and ease you deserve after a lifetime of hard work.

CORN HARVESTING
Get the corn out of the field just as soon as it is dry enough to store safely. Harvest ear corn by hand when moisture content is 16 percent. Harvest ear corn by machine at 18 percent moisture. At higher moisture level there is danger of loss in storage. Leaving it in the fields until the moisture content is lower causes more field losses from insects, rats and shattering. Shelled corn should be harvested at highest moisture content—20 percent to 22 percent for best field efficiency. Drying is necessary for safe storage when harvested at this moisture level.

PLANT—STRAWBERRIES
Now is the time to get ready for planting a new Strawberry patch. Prepare the soil now. Get rid of grass and weeds. Keep the area free from these until time to plant the strawberries late in October or early November. Apply fertilizer 10 days before planting. A good rate is six to eight pounds of a mixed fertilizer for every 100 feet of row. Mix well with the soil. For North Mississippi plant Blakemore, Pocahontas, Dixieland or Albion varieties. In the southern part of the state plant Klondike, more, Headliner or Klondike. In late October or early November, set plants a foot apart on three to three-and-a-half foot beds.

BEEF FEEDING
Feeding protein meal mixed with salt is a good way to handle protein needs of beef cattle during winter. Usual mixtures for mature dry cows is two parts meal to one part salt. Yearling cattle will need three parts of meal to one part salt. And calves should have four parts of meal to one of salt. Cows that calve in the fall will need additional protein, so each producer will have to adjust the mixture to meet his individual needs. Make sure that a good supply of roughage is available and that plenty of good water is close to the area where the meal-salt mixture is fed.

Auto Owners Reminded To License Trailers
Automobile owners are being reminded by the Mississippi Highway Patrol that all trailers except those owned by vehicles bearing F-tags (farm) must be licensed. According to Chief of Patrol Dave Gayden, trailer licensing provisions will be enforced. He suggests that trailer owners register their trailers this October while buying their automobile tags. A private trailer tag, such as needed for a boat, luggage, or utility trailer to be towed by an automobile, costs \$3.00, plus ad valorem tax. If the towing vehicle carries an F-tag and the total weight of the complete unit (towing vehicle, and load) is less than 8,000 pounds, no tag is needed. If more than 8,000 pounds then a tag is required regardless of what tag the towing vehicle carries. The Highway Patrol urges boat and utility trailer owners to comply with the law.

Casing has been run the test promising pay zones after drilling to total depth of 10,900 feet. On the Kiln outpost, Marshall R. Young Drilling Company No. 1 Hilliard E. Miller et al, Sec. 35-78-15W, drilling has reached 3524 feet and is continuing toward projected depth of 10,350 feet.

GOVERNOR CALLS FIRE PREVENTION CONFERENCE
Citing the staggering loss of lives and property to Mississippi citizens because of fire most of which are preventable, Gov. Ross Barnett has called for a statewide conference to discuss ways and means to prevent this tragic loss. The House of Representatives chamber of the State Capitol is to be the scene of this one day conference which is set for Friday, October 7.

Mayors, Fire Chiefs and other interested officials and citizens throughout the State are invited to hear speakers of national recognition discuss ways and means to prevent losses from fires in homes, industries and commercial establishments.

In the United States each year there are over 850,000 fires in cities alone. There were almost 300,000 home fires. That is an average of 800 home fires a day, one every two minutes. Fire officials state that more than 75% of these fires were preventable. With a loss of over 11,500 lives each year and property loss of more than a billion dollars annually the need for such a conference is obvious.

Not only will those attending this conference hear speakers of national note speak on these pressing problems, but through a general discussion period hear from fire officials in this state the methods used to solve these problems in their locality.

HERE! '61 CHEVY TRUCKS

WITH WORK-PROVED INDEPENDENT FRONT SUSPENSION!

Chevy's '61 fleet swings in with a ready-made reputation as the trucks that are worth more because they work more... the latest editions of the haulers that scrapped the I-beam axle and proved the important advantages of independent front suspension!

You'll find new models for '61—long-wheelbase 4-wheel drive units—and thoughtful refinements throughout the line. But the big news for '61 is nailed-down proof (based on owner reports) that Chevy's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturdy-Bilt design, you cruise over trails where other trucks creep. You feel the difference in less wheel fight and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options. Then, by all means, drive a '61. Once around the block and you'll never be satisfied with a front axle truck again!

The Sword and The Cross To Be At Star Theatre Sun., Mon., Tues.

"The Sword and the Cross" a lavish spectacle in Cinetoscope and color to play at the Star Theatre, Sunday, Monday and Tuesday, presents with chilling accuracy the persecution of the early Christians by the Romans. In fact, one scene showing the mass crucifixion of the Christian martyrs has never before shown in films. One sees the Christians lead by Paul brought out of the hills of Taurus and chained to massive crosses. While the hills erupt with flames, the pagan citizens are entertained by the suffering Christians.

A Valiant Films release, "The Sword and the Cross" stars Maria Allasio as the beautiful Carthaginian Christian enslaved by the Romans. Her gentleness beauty and faith brings her the love and protection of the celebrated Roman warrior Marcus Valerius, played by Jorge Mistral. Gianna Maria Canale, the statuesque Italian beauty who starred in "Theodora, Slave Empress" appears as the proud and vengeful daughter of the Proconsul. Ruben Rojo and Luigi Pavese appear as the ambitious schemers who use the Christians as scapegoats to cover their crimes and corruption. Although "The Sword and the Cross" is a sweeping spectacle, it also takes a close and intimate look at the intrigue and violence of the official ruling conquered provinces far from Rome who prove that absolute power corrupts absolutely.

In addition to a mighty cast, "The Sword and the Cross" has opulent settings, fabulous costumes and an abundance of horses and chariots.

The Angel Wore Red Starts At Legion Theatre, Gulfport, October 6th

Ava Gardner and Dirk Bogarde are teamed for the first time in the new Metro-Goldwyn-Mayer release, "The Angel Wore Red," unfolding a stirring love story against a background of adventure and conflict in Spain.

The flaming backdrop is the Spanish Civil War, in which rebel Falangist forces ignited a conflagration of destruction and slaughter against the Loyalists who supported the legally elected government of Spain.

In defending their cause, the Loyalists turn their hatred against the country's religious leaders whom they accuse as spies and rebel sympathizers. It is the fanatical hatred and suspicion which has its repercussions on the two principals of the story Miss Gardner as the cabaret entertainer, Soledad, and Bogarde, portraying Arturo Carrera, who has forsaken the church but who, nevertheless, becomes a victim of its persecution.

Involved in their lives are a sardonic American newscaster, played by Joseph Cotton, and a loyalist general, portrayed by the noted Italian star, Vittorio De Sica. In other pivotal roles are Enrico Maria Salerno, Aldo Fabrizi, Arnoldo Foà, Finlay Currie and Rossana Rossa.

The star of Soledad and Carrera, two people of entirely disparate backgrounds, is traced from their first meeting in an air raid shelter through a series of adventurous incidents in which Bogarde becomes at first an agent of the Loyalists, then a fugitive. In attempting to protect him, Miss Gardner is arrested and the two are among Loyalist prisoners who are herded toward the front to be used as a human block against the advancing Falangists.

JAYCEES TO BRING 3-RING CIRCUS TO BAY ST. LOUIS

Clowns that will make you happy and clowns that will make you feel sorry for them will hold a featured spot at the Hagen Bros. 3-Ring Jaycee circus coming to Bay St. Louis, where performances will be given at 3:30 and 8:00 p. m.

Leading a great contingent of tumbler comedians will be Lon Burkhardt, one of the nations most beloved clowns, and Jeff Murphy, whose silly humor has delighted circus audiences from coast to coast.

It is a popular conception that clowns are happy-go-lucky fellows with never a care or worry in the world. But Brownie Golden, South Africa's gift to modern buffoonery, who will also appear in the circus, says this is not necessary so.

Golden is of the opinion that there is a very thin line separating gaiety from sadness. And he believes that any clown worthy of the name can sway peoples emotions in a split second from a feeling of hilarious joy to a feeling of sadness and pity, simply by motion.

"Many a clown has worked in the arena with a heavy heart caused by some personal trouble, but I don't know one who didn't live up to the circus maxim the show must go on," and personal sorrows were put aside when the time came for the entrance," Golden says.

The clown-crop, described as "a small army of feebled and bewildered mental midgets" will be on hand to entertain the spectators from the moment of their arrival and until the band let's go with "Auld Lang Syne."
